Service Overview

Web Development

A website can be much more than just a few pages online. Your website can build trust by using testimonials, success stories, or company sponsors. The website can increase interest and visitor frequency by including a photo gallery, an event gallery and a blog. You can effectively spread the word about your mission and services by increasing your email list via a newsletter sign-up, adding video and social media connections. You can collect visitor data through a registration database to communicate with them later on. The website can also incorporate a catalog of your services with pictures and an online store to process credit card payments online 24/7. In summary, your website can do a lot to spread the word about your organization and keep your visitors interested, the possibilities are endless! A well planned and engaging website will ensure visitors stay online longer and inspire them to donate or buy your products.

Our web development team is experienced with e-commerce, databases and other web development software. We can have your website ready in as early as 10-15 days. We can also help with content development, web marketing or regular maintenance service to keep your website content fresh and up to date.

Website Development Options Include:

- Custom Designs: Responsive website designs for mobile and pc.
- Search Engine Optimization: Attract more visitors, customers or donors.
- Shopping Cart: Process sales anytime (24/7), online store will never close.
- Picture slider: Add a little pizzazz to your website with professional images.
- Web Content: Professional writing to help you with ideas, content and proofing.
- Database Functionality: Better manage your website visitors and trends.

Website FAQ

Q. What is the process?

A. After you sign up for the service, we email you an order confirmation & service agreement. After you acknowledge this, we will forward you another email proving you access to our client-only web tools & questionnaire. Once you complete this online questionnaire, we will call you within 48 hrs to set up a conference call with your website service consultant. During this call the consultant will confirm information, ask you questions, answer any of your questions, and begin to work on your project.

Q. How long does the process take?

A. It usually takes between 10-15 business days, after we receive all the necessary information from you.

Q. Are there any other fees involved?

A. There is a domain registration fee of approximately \$15 dollars per year payable to a domain registration company. The development of a website includes items listed in each package. Additional features, pages or options are available for an additional price. Also, clients may consider our maintenance plan starting at \$40 for 1/2 hr or \$65 for 1 hour plus monthly hosting. Clients who choose a different host will incur in a \$69 setup fee.

Q. How does your maintenance program work?

A. Our web developer will provide 30 min or 1 hour of service each month depending on the plan selected. This will include, content updates, new picture or page, virus removal, troubleshooting etc.

Q. How many pages do I need for my website?

A. Most websites have between 5-10 pages, however, depending on your business products and services, your website may require more pages. Let us know how many pages you would like and we will provide a quote for each additional page over what is included in the website package purchased.

Q. Which are the minimum pages recommended?

A. Home, About Us, Services, Donation and Contact Us page.

Q. Can I add a store to my website?

A. Yes, we can add a store with pictures, item descriptions, and automated checkout so you can receive payment and get it deposited into your bank account directly.

Q. Do you only use pre-designed layouts or can you custom build a website?

A. All of our websites are customized to each client. In some cases we do use similar layouts that are popular however, content, colors and pictures are unique to each client.

Q. How do you price custom websites?

A. Websites are priced by packages with select features that meet most budgets however any of packages these may be modified based on client needs. Please speak to a sales representative or the web developer for a quote on additional pages, features, marketing solutions, SEO or content research.

About Us

Our Mission

Founded in 2004 and headquartered in Orlando, FL, BizCentral USA serves as a “one-stop” resource center for startup, small and mid-size businesses nationwide. Expanding from a one product company in 2004, to currently offering over thirty products and services, BizCentral USA understands what it takes to grow a business from the ground up. Now, we are leaders in the industry, with a satisfied client base of over 25,000 and growing.

Today, entrepreneurs and nonprofits looking to start or grow their own business turn to us for assistance with their business needs. From incorporation, 501c3, grants business plan development to accounting, web design, marketing and everything in between, we work hard to get our clients on a fast track growth process.

At BizCentral USA, our goal is to help every businesses succeed, even after their services are completed. In addition to the featured business services, we offer free tools and resources to provide ongoing support for every client.

Our company is all encompassing. We have a proven business model that has fostered annual growth within the organization. We believe our product quality, commitment to excellent customer service and competitive pricing have enabled us to grow even during a recession. We consistently strive to improve our product line and pricing programs to better meet the revolving needs of our clients.

Our Brands

Since our founding in 2004, we have discovered the specific attention needed by nonprofit and religious organizations.
